

# Astro Camp Saturday 2008

## September 20 and October 4

### First Flight to Space Flight

During this mission, campers will learn the history of flight from kites to modern day space travel. Activities include making several types of kites, learning about hot air balloons and the propulsion principles that send the Space Shuttle into orbit.

## October 18 and November 8

### Mission to the Moon

During this mission campers will plan a trip to the moon – how far they would travel, how long it would take, what supplies they would need and how to survive in the lunar environment.

-----  
**REGISTRATION FORM FOR ASTRO CAMP SATURDAY 2008**
